

Studies have shown that a week (or better yet, two!) of camp is beneficial to any child's growth. Time outside, away from the regular routine of life, in a loving community, with opportunities to grow emotionally, spiritually and socially is a wonderful gift for any child! Don't miss the opportunity to send a child or youth (ages 7-17) to camp this summer! Check out this summer's schedule at www.campwestminster.com and register online. Want to help send a child? Call 313.341.8969 and ask how you can help- or donate online via the website. A camper will be grateful- we promise!
